After eighteen months of being dogless, GCYTC President Sherill Freeman was ready for a new yorkie (not a puppy).

Weighing in at four and a half pounds, five year old Sophie joined the family on 2/2/22. She had been bred, shown and acquired multiple points. She loves attention and is getting plenty of it, including from Sherill's granddog - a French bulldog. The family travels two hours to Lake Placid, Fla every weekend. Sherill told us, "Sophie is a trooper, loves her daily walks, and frequent naps". Best wishes on your new leash on life, Sophie!

Irish Dog Names

- Brady: A common Irish surname, it means spirited.
- Clover/ Shamrock: a symbol of good luck.
- Finn/Finnegan: Based on a Gaelic phrase that roughly translates "fair little one."
- Guinness: world famous black stout, one of the best-selling alcoholic beverages in Ireland.
- Paddy/Patrick: the patron saint of Ireland.
- Shandy: a favorite Irish drink, beer with a soft drink.

9 PEOPLE + 3 YORKIES = A GOOD TIME AT LAZY DOG

Linda's Sophie & Mia

February 19, a good time was had by all. The food was good, portions were huge, company was fun and dogs (even the big ones near us) were well behaved.

We will definitely be back!

Feb 26, 2022 - Palm Bay, FL : A crowd gathered at the ring to watch Fate and Betty in action, including two judges. They did not disappoint! Fate earned her sixth UDX leg. Someone commented, "Fate is the BEST yorkie I've ever seen in the obedience ring!"

CONGRATULATIONS, Gansky family!

Something to Sink Their Teeth Into

by: Tina K Valant

For years, we were cautioned to NEVER give dogs “people” food, (probably by the pet food industry). Maybe you found yourself in a pinch and ran out of dog food? Or, you want to give your dog something different? Some tasty, healthy ideas:

- Quinoa - (say it: keen-wah) this nutritious seed/protein source (gluten-free) packs a punch of essential amino acids. Cook extra, sprinkle in your dog’s bowl, add some veggies and a dollop of plain Greek yogurt. Voila! Breakfast is served.
- Salmon - an excellent source of omega-3 fatty acids. Fatty acids can help to avoid cancers and reduce inflammation, while keeping the immune system in check. Poach, steam or bake fresh salmon with the skin. Dogs especially love the skin.
- Sardines - (wild caught, packed in water) loaded with omega-3 fatty acids and coenzyme Q10 (CoQ10) boosts circulation and heart function. I reserve the liquid and add it to their morning meal. When the cat sees me get the sardines (large oval can), he waits for his share - a couple bites.
- Squash - It’s squash season, so many high fiber tasty options are available. I have roasted acorn, butternut, red kuri, and spaghetti squash. The dogs have loved them all. Great as a treat or an addition to their bowl. I cube cooled roasted squash, store in freezer bags and offer as a treat.
- Sweet potato - bake, chop and serve your dog an added dose of fiber, vitamin A, and other nutrients. Skin on, is fine.

and a mobile phone
have in common?**

They both have collar ID!

This is the final list.

What did you try and did your yorkie like it?
